

Our Rates & Service Charges

9 East Main Street
Fort Kent, ME 04743
855.MY.ACADIA
acadiafcu.org

“Our Rates & Service Charges” explains current terms, rates and service charges applicable to the savings, checking and certificate accounts we offer. We may offer other rates and require other service charges or amend the rates and service charges, as explained in this disclosure, from time to time. Each owner on an account agrees to the terms described in this disclosure and acknowledges that it is a part of the Member Service Agreement (MSA).

Business Checking	n/a	n/a	n/a	n/a	\$0.00	n/a	n/a

(1) Minimum balance is required to obtain APY for each dividend period.

(2) A minimum ADB of \$25 is required during each dividend period to obtain APY. Account transitions to Prime Share Account on child's 13th birthday.

(3) A minimum of \$300 is required during each dividend period to obtain APY.

(4) Rate determined by management at opening.

Explanation of Rates & Service Charges

As explained in the MSA, the "Our Rates & Service Charges" applies to all the accounts we offer. Except as specifically described, the following terms apply to all of the accounts you have with us.

1. Rate Information

The Dividend Rate and Annual Percentage Yield on the accounts you have with us are identified above. For all accounts except certificates, the Dividend Rate and Annual Percentage Yield may change monthly as determined by the Board of Directors.

The Dividend Rates and Annual Percentage Yields shown in the table above are the prospective rates as of the effective date shown above. For Certificate Accounts, the Dividend Rate and Annual Percentage Yield are fixed and will be in effect for the term of the account. For Certificate Accounts, the Annual Percentage Yield is based on an assumption that dividends will remain on deposit until maturity. A withdrawal of dividends will reduce earnings.

2. Nature of Dividends

Dividends are paid from current income and available earnings after required transfers to reserves at the end of a dividend period.

3. Compounding and Crediting

Dividends will be compounded and credited as identified above. For dividend bearing accounts, the Dividend Period begins on the first calendar day of the period and ends on the last calendar day of the period.

4. Accrual of Dividends

Dividends will begin to accrue on noncash deposits (e.g., checks) on the business day you make the deposit to an account you have with us. If you terminate the account before accrued dividends are credited, accrued dividends will not be paid.

5. Balance Information

The minimum balance required to start each account and earn the stated Annual Percentage Yield is identified above. If you do not maintain the minimum balance, you will not earn the stated Annual Percentage Yield.

For all accounts except share certificates, dividends are calculated by using the Average Daily Balance method, which applies a periodic rate to the Average Daily Balance for the period. To obtain the Average Daily Balance for the period, we add up the ending balance in the account for each day in the period, and divide the total by the number of days in the period. For share certificates, dividends are calculated by using the Daily Balance Method, which applies a daily periodic rate to the balance in the account each day.

6. Account Limitations

For Prime Savings accounts, no more than six (6) preauthorized, automatic or telephone transfers may be made per month from these accounts to another account you have with us or to a third party. If you exceed these limitations, the account may be subject to a service charge or be terminated. For Escrow Club Accounts, withdrawals are allowed only for payment of property taxes and insurance.

7. Certificate Account Features

a. Account Limitations

After you start the account, you may not make additional deposits to a Certificate Account.

b. Maturity

The Certificate Account you have with us will mature on the maturity date identified on your Account Receipt or Renewal Notice.

c. Early Withdrawal Penalty

We may impose a penalty if you withdraw any of the principal of the Certificate Account before the maturity date.

1) Amount of Penalty. The amount of the penalty is based on the term of your certificate account. For account terms of 12 months or less, the penalty is equal to three months' dividends on the amount withdrawn. For account terms of more than 12 months, the penalty is equal to six months' dividends on the amount withdrawn.

2) How the Penalty Works. The penalty is calculated as a forfeiture of dividends that have been or would be earned on the amount withdrawn. If earned dividends are insufficient to cover the penalty, or have previously been withdrawn, the penalty will be deducted from the principal balance.

3) Exceptions to Early Withdrawal Penalties. At our option, we may pay the account before maturity without imposing an early withdrawal penalty under the following circumstances: when an owner on an account dies or is determined legally incompetent by a court or other body of competent jurisdiction. Where the account is an Individual Retirement Account (IRA) and any portion is paid within seven (7) days after establishment or where the account is an IRA and the owner attains age 59½ or becomes disabled and begins making periodic withdrawals.

d. Renewal Policy

Term Share Accounts are automatically renewable accounts. Automatically renewable accounts will renew for another term upon maturity. You have a grace period of ten (10) days after maturity in which to withdraw funds in the account without being charged an early withdrawal penalty.

e. Nontransferable/Nonnegotiable

The account(s) you have with us is/are nontransferable and nonnegotiable. This means that an account and the funds in the account may not be pledged to secure any obligation of an owner, except obligations with the Credit Union.

Account Service Fees

Effective 01/01/21

Par value of one share (required for membership) \$5.00

Shares (Savings) Account Fees
