choices, simply  
more to love!

No longer do you have to change credit unions because you are traveling or moving. Your credit union is part of a nationwide **CO-OP Shared Branch Network** that gives you the flexibility to conduct your financial transactions at thousands of participating credit union locations across the country. The same level of service you receive at your credit union is extended to you at participating credit unions nationwide. That means you don't need to give up the credit union you have enjoyed for years.

# What is Shared Branching?

The CO-OP Shared Branch Network provides the members of Maine's credit unions access to over 170 credit union branches throughout the state, and more than 5,700 locations across the country. Make a deposit, withdraw cash, transfer funds, or even make a loan payment. Wherever you go, you'll be treated like a member of the family.

Shared Branching provides you with the ability to conduct many of the service needs that traditionally were offered to you only at your own credit union branch at any of the over 170 Shared Branching locations in Maine or at thousands more across the country.

## What transactions may I do at a Shared Branch?

Many key member services are offered at Shared Branch locations across the country, including:

- Deposits to your accounts
- Cash and check withdrawals
- Transfers between accounts
- Cash advances
- Loan payments
- Balance inquiries
- Money orders, traveler's checks or official checks
- Extended hours at some locations

## What do I do when I go into a Shared Branch?

You will need to provide the following items to conduct your transaction:

- Photo identification
- Your own credit union name
- Your own credit union account number
- Last 4 digits of your Social Security number
- Primary address on file for the account

With Shared Branching, there is no longer a need to leave your credit union behind and give up the personal service that you have come to rely on.
